

# AIR FORCE™ SYSTEMS

For anti-spatter solutions and industrial strength safe cleaners

**WALTER**  
Surface Technologies

Only the best.™

# AIR FORCE SYSTEMS™

The Air Force aerosol can refilling station offers the convenience of using aerosol cans with the cost effectiveness of buying bulk packaging

The Air Force™ station automatically dispenses Spatter Block™, E-Weld™ or CB 100™ solutions and compressed air into refillable spray cans helping you reduce costs associated with the disposal of harmful aerosol cans as well as your environmental impact.

## Benefits

- ▷ Eliminates aerosol disposal costs
- ▷ Reduces environmental impact
- ▷ Perfect price to performance ratio

**1X 208L  
DRUM = 700  
CANS**

**AIR FORCE refillable sprayer**  
Durable and light weight aluminum Air Force™ sprayer comes with a specific label to clearly identify the contents.

## AIR FORCE START-UP PACKAGES

**Pre-Welding** Walter has developed a safer and healthier line of anti-spatter solutions to prevent spatter from adhering to surfaces. Our anti-spatter solutions are biodegradable, non-flammable and non toxic so that you can improve your work process without sacrificing worker health and safety.
