Only the best.™

# E-WELD PRE-COATED NOZZLES™

- ▷ Reduce downtime scraping spatter and replacing nozzles
- ▷ Lasts up to 5 times longer than standard OEM nozzles
- ▷ Safe & non-flammable solution to nozzle spatter build-up
- ▷ Prevents nozzle obstructions resulting in a higher quality weld

Reduce downtime spent scraping out spatter and replacing MIG nozzles. The special water-based ceramic coating prevents spatter from adhering to the nozzle and allows the gas to flow freely, ultimately providing a better-quality weld. The unique E-WELD pre-coated nozzles will reduce your welding operation costs.

Brand compatibility	Model compatibility	Diameter (in)	Position	Order no.	Std Pkg.
Lincoln Style	100L & 175L	3/8	Stick out 1/4	54C001	2
			Flush	54C003	2
